July 22, 2002

Mr. Allen Kullen, President
People of America Foundation
5760 Sunnyside Avenue
Beltsville, Maryland 20705

Dear Mr. Kullen:

Thank you for taking the time to attend our Nevada Public Education Foundation meeting on April 16th and informing us about Americans All. This letter is in response to your request that Nevada consider joining other states in the Americans All program. We have met with representatives of the participating organizations that will be involved in this effort. This letter of intent affirms that the Nevada Public Education Foundation (NPEF—a Nevada nonprofit corporation) and the Nevada Cultural Affairs Foundation (NCAF—a Nevada nonprofit corporation), in a collaborative effort with the Nevada Department of Education and the Nevada Department of Cultural Affairs, will support and endorse Americans All in a pilot program with three other states: North Dakota, Vermont and the Nassau district of New York—contingent upon that the State of Nevada will retain one hundred percent of its intellectual property.

Therefore, Americans All will agree and/or promise the State of Nevada via NPEF, NCAF, the Nevada Department of Education and the Nevada Department of Cultural Affairs, respectfully, that Nevada and its citizens will retain one hundred percent of their intellectual property—and no matter what the outcome of Americans All, the State of Nevada will retain and control its information indefinitely.

Moreover, neither the State of Nevada nor its citizens will have to pay and/or be charged for access to the Americans All website—regarding any information pertaining to the State of Nevada and its history.

The State of Nevada will receive no less than the agreed amount of \$1,327,700.00 in grant money from Americans All for the purpose of carrying out the task(s) of the project.

Hence, contingent upon Americans All's agreement of the above heretofore mentioned, I, Jack McLaughlin, Superintendent of the Nevada Department of Education, do hereby endorse a partnership with Americans All. I look forward to working with Allen Kullen and Americans All in a collaborative effort with the above agencies representing the State of Nevada—so as in keeping within the mission of Nevada Public Education Foundation in improving and fostering an educational environment in which Nevada's children can thrive.

Thank you for considering us for participation in the Americans All program.

Sincerely,

A handwritten signature in black ink, appearing to read "Jack", written over a large, stylized circular flourish.

July 31, 2002

Mr. Allan Kullen
President
People of America Foundation
5760 Sunnyside Avenue
Beltsville, MD 20705

Dear Allan:

Our Executive Director, Beverly Carlino-Banta, advised the Board of Trustees of her meeting with you and representatives of the Department of Cultural Affairs, the Nevada Public Education Foundation and the Department of Education on April 29, 2002.

I am pleased to advise you that during our May meeting, the Board voted unanimously to enthusiastically endorse the People of America Foundation's *Americans All* program. Moreover, as the philanthropic arm for the Department of Cultural Affairs, we are excited to partner with the Nevada Public Education Foundation and the agency it represents, the Department of Education.

It is also our understanding that NCAF will be the fiscal agent for Nevada.

We are gratified that Nevada has been selected as one of four pilot states to launch this program. Like Vermont, North Dakota and New York, Nevada has a rich and colorful history. Similarly, many of our original historical documents and artifacts are in various locations around the state so the opportunity to bring this wealth of information together in a national database will make our long-term vision a reality.

Thank you for your invitation to participate in this extraordinary opportunity for Nevada and the nation.

Sincerely,

I.R. "Renny" Ashleman
President

July 30, 2002

Allan S. Kullen, President
People of America Foundation
5760 Sunnyside Avenue
Beltsville, MD 20705

Dear Mr. Kullen,

Members of my staff were pleased to meet with you and representatives of the Nevada Public Education Foundation, the Department of Education, and the Nevada Cultural Affairs Foundation to review and discuss the program offered by the People of America Foundation. We feel privileged to join Vermont, North Dakota, and New York in being selected for this pilot project.

The divisions of the Nevada Department of Cultural Affairs have long been committed to providing teachers interested in using primary source materials in the classroom with information resources and access to historical records. We look forward to working with the People of America Foundation through our foundation, NCAF, and in partnership with the Department of Education and its foundation, NPEF.

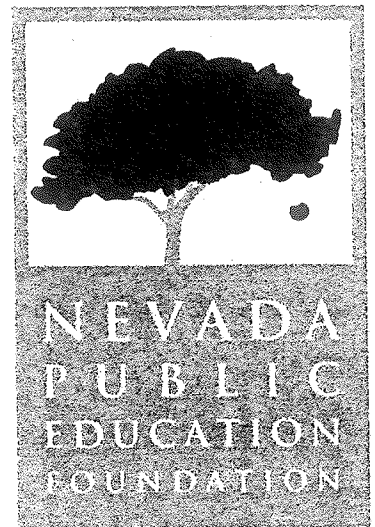

I would like to take this opportunity to express our enthusiasm and support for any assistance your organization can provide to Nevada history teachers. We look forward to hearing positive reports about your efforts to create a "content-rich electronic database linked to curriculum materials" that will enhance student understanding of the social and economic value of our nation's pluralism and diversity.

Sincerely,

Scott K. Sisco
Interim Director

To: Nevada Principals
Nevada District Superintendents

From: Jack McLaughlin
Superintendent of Public Instruction

Re: People of America Foundation

A handwritten signature in dark ink, appearing to read "Jack", is written over the "From:" line of the letterhead.

I am sending this letter as a follow-up to previous correspondence regarding the People of America Foundation. I would like to ask your help in what I believe to be a very worthwhile project. When funded, this project will provide increased educational opportunities for Nevada schoolchildren, targeted support for staff development and new materials tied directly to our state's social studies curricular framework.

As an educator, I am amazed by the continuously increasing amount of information available to our teachers and students via the Internet. Yet this enthusiasm needs to be tempered by concerns about quality, reliability, inclusiveness and, even the appropriateness of the material. The People of America Foundation was established to help address these concerns. It aims to collect, organize, distribute and maintain, at no cost to the public, the largest and most inclusive electronic database showing the diversity of people in the United States; the database will be keyed to individual state social studies standards.

The Foundation has designed this program so that all costs of developing and maintaining the database will be borne by corporate sponsors (please see the attached information sheet). The national web site, through which the database will be accessed, will carry appropriate sponsorship recognition but no commercial advertising. Print publications developed through this initiative will similarly carry no advertising. The sponsors' value, in addition to demonstrating their support for today's youth, will be derived from the enormous good will they generate by making this information available to the public. As an important first step in its plan, the Foundation has acquired the rights to the Americans All® National Education Program.

We at the Nevada Department of Education are very excited about this project. The People of America Foundation understands that demographics vary, and will rely on each state's education system to develop and use the commercial-free data in a manner that best serves the needs of its students. The Foundation will also provide each school with a printed summary of the most important state-specific elements included in the electronic database, creating a much-needed bridge between print and digital media.

August 10, 2001

Re: People of America Foundation

Page 2 of 2

Our multiyear development plan for these new resources will include an opportunity for teachers from participating schools to publish their most effective lesson plans. This will enhance professional growth and increase the volume of quality, grassroots material for the national Web Site.

With your help, we can lead the way to make this program a reality. All that you, or your authorized representative, need to do is:

- visit the American's All® Foundation Web site at www.americansall.com;
- take a moment to review the quality of the sample materials; and then
- go to the principal's page to register your school.

This registration, for which there is **no cost**, provides the Foundation with the school contact and demographic information needed to keep this project moving forward. It also gives individual schools the opportunity to select the grade-level teacher's guides and instructional videos desired.

Again, there is no cost to participate in the Foundation's initiative. By taking just a few minutes to register, you will be helping to provide safe and high-quality materials for our children and the diversity-based resources your teachers need to be more effective in today's classrooms. You'll be supporting a program to make local and state Nevada history information available to all students—not just those in Nevada—and to have free, direct access to all materials used in other states. And, you'll be helping to encourage corporations to make an investment in social studies education.

If you have any questions about the program, please contact Foundation president Allan Kullen at (301) 982-5622 or allan@americansall.com or Cindy Sharp, Department of Education Consultant at (775) 687-9166 or csharp@nsn.k12.nv.us in our office. Thank you for your interest and support.

Re: People of America Foundation

Please find enclosed a list of Nevada schools that have registered on the People of America Foundation web site. I have sent a letter encouraging principals who have not yet registered their schools to take time from their busy schedules and do so. The letter explains the benefit of such actions for each individual school and free materials that the school may obtain.

Thank you for your support in bringing additional social studies materials to Nevada school children. If you have any concerns or questions please contact me at the Nevada Department of Education (775) 687-9217 or Cindy Sharp at (775) 687-9166 or csharp@nsn.k12.nv.us.

Re: Americans All® Project

Attached you will find a flyer about the Americans All® Project. Please read this and go to their Web site and register for the Americans All® Materials. Once full funding is received by the Foundation, not only will your school receive these valuable resources, but Nevada will also receive financial support to develop state specific materials. If you have any questions please contact me at (775) 687-9166 or csharp@nsn.k12.nv.us.

Register Now!

FOR THE AMERICANS ALL® MATERIALS

What is Americans All®?

American All® is a program of The People of America Foundation. Their mission is to help this nation, especially its students, understand the social and economic value created by its diversity. It will accomplish this by continuing to develop national, state-specific and cultural databases that provide an accurate social and political history of the nation, as well as generic, thematic lesson units and individual lesson plans that help educators meet the requirements of new standards-based instructional guidelines.

What do we get as a registered school?

At a minimum, each registered school is guaranteed the following:

- **One Teacher Resource Package.** This package contains one complete set of the American All® resource materials, the music program, the poster collection, the photograph collection and a CD-ROM of all program components.

- **Two Teacher Overview Packages.** Each package contains one copy of The Peopling of America: A Timeline of Events That Helped Shape Our Nation, The Peopling of America: A synoptic History and grade-level-specific teacher's guide.
- **Two Grade-Level-Specific In-Service Training Videos.** Three different videos, one each for the elementary, middle and high school grades, are available. Each school will receive two videos and may choose two of the same grade level or one each of two different grade levels. A separate teacher's guide will be supplied with these videos.

Additional copies of the teacher resources package, the teacher overview packages and the photograph and poster collections will be provided to schools with larger enrollments to ensure the program reaches the maximum number of students.

What do we do?

Go to www.americansall.com. On the top, right hand side, under "New-Principals," click on "Register Now." Click on the NV letters in the map; a list of cities will appear. Click on your city, enter a few lines of information (especially your school or personal email address) and hit "Submit." You are now registered.

Why should we do it?

Besides receiving these valuable resources, you will be helping Nevada receive financial support to develop state specific materials related to our History/Social Studies Standards. These Americans All Nevada Materials will include resources such as a Nevada timeline, a photograph collection, poster collection and other curriculum, instruction, and assessment materials such as units, lesson plans, and primary sources.

What are we obligated to do?

This is an opportunity, not an obligation. To participate in this distribution, for which there is no cost, a school must verify its enrollment because the quantity and composition of materials each school will receive as a gift from the Foundation depends on its student enrollment. In addition, each school must provide the Foundation with the names of two instructors who will serve as liaisons to ensure that the program materials will be used. These liaisons will also receive information about professional development opportunities available to your school. Names of those teachers will never be made available to the public.

Where can I get more information about this?

Please contact Allan Kullen, People of America Foundation, at (301) 982-5622 or allan@americansall.com. If you would like to speak to a Nevada representative, please contact Cindy Sharp at (775) 687-9166 or csharp@nsn.k12.nv.us.

Cindy Sharp, Americans All® Nevada

Subject: Update on Pilot in Nevada

Date: February 8, 2002

Thank you for registering for Americans All® Nevada. As you know, your state has been selected to serve as a national pilot site for a historical investigation and curriculum development project with the People of America Foundation. The project's goals are to offer free, high-quality, locally approved, and diversity-based social studies materials as a supplement to existing social studies curriculum materials. North Dakota and Vermont are also participating in the pilot. Including three states with different demographics and geographic locations increases the reliability of the test data.

Through this project, the Foundation will create a national Web site that will house state databases created by social studies experts within each state. These databases will make local and state history information available to students across the United States. In addition, all information in these databases will link directly to each state's social studies scope and sequence and to its assessment and testing requirements. Schools will also have free, direct access to curriculum and teaching materials used elsewhere in the nation. Further, by providing a greater choice of screened and approved curriculum and teaching materials, including text, audio and visual materials, the project will also provide more tools to those who teach children with special needs.

We have been contacting principals because you are the key decision-makers within schools. We have asked you to signal your support of the project to potential funders by registering your school at www.americansall.com. The response within Nevada has been excellent. We are nearly ready to begin this initiative and want to update you on our efforts.

What does registration mean for your school? What are we asking of your teachers?

Project registration is an opportunity, not an obligation. It costs nothing for your school to participate in the Foundation's initiative. Registration ensures that your school will receive multiple copies of the print materials that complement the state's database and other free, state-approved curriculum and teaching materials. In addition, participating schools will receive a biweekly newsletter, access to special Web-based teaching sites, invitations to attend Foundation regional and national meetings, and opportunities for school personnel to participate in staff development programs. Further, teachers from registered schools will be able to electronically share their favorite lesson plans. As part of the registration process, we asked you to name at least two teachers who will help ensure funders that the Foundation materials will be put to maximum use. Their names will not be published nor made available to commercial list brokers.

Who else in Nevada besides schools has expressed support and/or interest?

We have received letters from the Nevada Board of Education; the Department of Cultural Affairs, Nevada State Library and Archives; the Nevada Historical Society, and the Southern Nevada Regional Professional Development Program. Copies of those letters are enclosed. We have also received interest and/or support from other education organizations within Nevada but their letters have not been received at the time of this mailing.

What are the current registrations in Nevada, Vermont and North Dakota?

To date, schools representing 63 percent of Nevada's students, more than 81 percent of North Dakota's students and 65 percent of Vermont's students are registered for the project. In addition, we recently received a request from Nassau County, Long Island, a large school district in New York, to participate in the pilot. We have already registered schools representing more than 25 percent of its student population following an initial mailing. Registration data by Nevada school district is enclosed.

What does the Foundation need now to proceed?

We have met our thresholds for school registration and have received support from education organizations in all three states. Now we await the designation of management entities that will receive project funds in Nevada and Vermont. North Dakota, through North Dakota State University, has already satisfied this requirement.

When will the project begin?

Once all three pilot states have designated their management entities, the Foundation can officially solicit corporate sponsorship. We have been communicating with that sector for months, laying the groundwork for our official launch. We plan to announce this project to the nation within the next six weeks. As soon as funding is received, we will contact all registered schools to verify their enrollment, mailing address and project teacher names. We will then distribute materials to registered schools based on their enrollment and start posting data on newly created Web sites for Nevada, North Dakota and Vermont. We are very excited to begin this initiative.

We trust that this memo provides the information you requested and look forward to working with you. If you have additional questions, please feel free to contact Allan Kullen at (301) 982-5622, ext. 159 or allan@americansall.com, or Cindy Sharp at (775) 687-9166 or csharp@nsn.k12.nv.us.

CURRICULUM COUNCIL AND
ORGANIZATION/DEVELOPMENT
COMMITTEE (SEE ATTACHED LISTS)

To: Nevada School Principals
From: Allan Kullen, People of America Foundation President
Subject: Update on Pilot in Nevada
Date: February 8, 2002

As you know, Nevada is one of three states selected to serve as a national pilot site for a historical investigation and curriculum development project with the People of America Foundation. The response from schools within the state has been excellent. We are ready to proceed and want to ensure that schools still interested in participating have the information they need to do so. This memo answers questions that principals have posed in connection with this project.

What is the project about in a nutshell?

A national Web site will house state databases created through the project. These databases will make local and state history information available to students across the United States. In addition, all information in these databases will link directly to each state's social studies scope and sequence and to its assessment and testing requirements. Schools will also have free, direct access to curriculum and teaching materials used elsewhere in the nation. Increased diversity within the student population requires more comprehensive and inclusive social studies resources. Moreover, an electronic database reinforces students' and teachers' desire to supplement textbook information with Web-based research.

Why are you contacting me, the school principal?

Principals are the key decision-maker within schools. To obtain funding, we need to demonstrate support for the project to potential sponsors. These sponsors are most interested in grassroots support by local schools. This is why we have encouraged principals to signal that support by registering their schools at www.americansall.com. Registering for the project demonstrates that you agree with the project's goals to offer free, high-quality, locally approved, and diversity-based social studies materials as a supplement to existing social studies curriculum materials.

What does registration mean for my school? What are you asking of my teachers?

Project registration is an opportunity, not an obligation, and it costs nothing for your school to participate in the Foundation's initiative. Registration ensures that your school will receive multiple copies of the print materials that complement the state's database and other free, state-approved curriculum and teaching materials. In addition, participating schools will receive a biweekly newsletter, access to special Web-based teaching sites, invitations to attend Foundation regional and national meetings, and opportunities for school personnel to participate in staff development programs. Further, teachers from registered schools will be able to electronically share their favorite lesson plans. As part of the registration process, we ask you to name at least two teachers who will help ensure sponsors that the Foundation materials will be put to maximum use. Their names will not be published nor made available to commercial list brokers.

Can this project help my school, which has children with special needs?

By providing a greater choice of screened and approved curriculum and teaching materials, including text, audio and visual materials, this project can provide more tools to those who teach these students.

Why do I need to take action now?

Our statewide training and materials budget will be based on the number of schools registered during the pilot phase. Although funding to serve additional schools may later become available, registering now guarantees that your students and staff will be first in line to receive project resources.

Other than schools, who else in Nevada has expressed interest and/or support?

We have received letters from the Nevada Board of Education; the Department of Cultural Affairs, Nevada State Library and Archives; the Nevada Historical Society, and the Southern Nevada Regional Professional Development Program. Copies of those letters are enclosed. We have also received interest and/or support from other education organizations within Nevada but their letters have not been received at the time of this mailing.

What are the current registrations in Nevada, Vermont and North Dakota?

To date, schools representing 63 percent of Nevada's students, more than 81 percent of North Dakota's students and 65 percent of Vermont's students are registered for the project. In addition, we recently received a request from Nassau County, Long Island, a large school district in New York, to participate in the pilot. We have already registered schools representing more than 25 percent of its student population following an initial mailing. Registration data by Nevada school district is enclosed.

When will the project begin?

Now that we have achieved a registration of more than 50 percent in each of the pilot states and have the internal support we need, we plan to announce this project to the nation within the next six weeks. As soon as funding is received, we will distribute materials to participating schools and begin placing data on the newly created Web site for Nevada.

I trust that this memo provides the information you need and look forward to your participation in this project. If you have additional questions, please feel free to contact me at 301/982-5622, ext. 159 or allan@americansall.com, or Cindy Sharp at (775) 687-9166 or csharp@nsn.k12.nv.us.

Beltsville, MD 20705

Dear Mr. Kullen,

Members of my staff were delighted to meet with Cindy Sharpe, the Social Studies Coordinator for the Nevada Department of Education to review and discuss the programs offered by the People of America Foundation. The Nevada State Library and Archives (NSLA) has long been committed to providing information resources and access to historical records to teachers interested in utilizing primary source materials in their classroom. NSLA's current partnerships with the Washoe County School District, the Nevada Historical Society and my own participation in the Nevada Education Technology Commission attest to our willingness to explore new ways of delivering services and material directly to students and improve the Teaching of American History.

I would like to take this opportunity to express our enthusiasm and support for any assistance your organization can provide to Nevada History Teachers and look forward to hearing positive reports about your efforts to create a "content-rich electronic database linked to curriculum materials" that will enhance our student's understanding of the social and economic value of our nation's pluralism and diversity.

A number of other initiatives are currently underway in Nevada, notably projects by the Nevada Humanities Committee, the University of Nevada, Las Vegas, a CD-ROM History tool and LSTA funded Digital Library and Archives Projects. I hope that we can work together to insure that limited resources are used to best advantage and hard work is not duplicated. Please make sure that copies of the "Americans All" products are sent to my staff when they become available and they will share them with teachers attending workshops here at NSLA. Any questions concerning our endorsement and collaborative plans should be addressed to John Paul Deley, Electronic Records Archivist, Nevada State Library and Archives (775-684-3323). Thank you for your assistance in creating and distributing these important resources.

Sincerely,

A handwritten signature in cursive script that reads "Sara F. Jones". The signature is fluid and elegant, with the first name "Sara" being the most prominent part.

Mr. Allan Kullen, President
People of America Foundation
5160 Sunnyside Avenue
Beltsville, MD 20705

Dear Allan:

Thank you for spending time explaining the People of America Foundation to the Superintendent and staff at the Nevada Department of Education. From the information presented, the program would provide Nevada with a great opportunity to generate and accumulate material that will help support the implementation of the recently adopted State Social Studies Standards.

Nevada is committed to staff development dealing with social studies through our Regional Professional Development Programs. We see the Foundation's materials as being an integral part of that development. Teachers having access to materials that are state approved and linked directly to the social studies standards and testing program would be very beneficial to the state.

The Nevada State Legislature has consistently shown a strong interest in requiring the state's school districts to provide meaningful coursework in social studies to all students - especially in American History and Civics. With high demand for limited state appropriations, securing resources to support the development of materials in social studies has yet to occur. With this in mind, the People of America Foundation would allow the state to begin developing resources materials that can be made available to enhance the instruction of all social studies teachers in the Nevada.

Thank you for giving Nevada the opportunity to participate in this project.

Sincerely,

A handwritten signature in dark ink, appearing to read "Keith Rheault", written over a horizontal line.

Dear Mr. Kullen:

We have received from you the packet of materials describing the American's All program and the implementation plan. We are looking forward to our participation. Ms. Cindy Sharp will act as the Nevada Department of Education representative for the project.

It is our understanding that the People of America Foundation will be responsible for raising the funds to support the program and that the Nevada Department of Education will select those who will work on the project. NDE staff will supervise the development of Nevada related materials ensuring that they reflect the educational needs of Nevada students and schools.

If you have any questions, please contact Cindy Sharp at (775) 687-9166, or myself at (775) 687-9180.

Sincerely,

Dear Mr. Kullen,

Thank you for bringing the People of America Foundation's "education initiative" to the attention of the Nevada Historical Society. The Nevada Historical Society has long been committed to providing greater access of our institutional historical resources to the teachers of the state.

We are very interested in joining with other like-minded institutions in the state to make our photography and manuscripts collections more accessible for use in the classroom. Please keep us informed as to your progress in developing an electronic database that would serve the state of Nevada. We will look forward to learning about ways in which we may participate in this project.

Sincerely,

Jacqueline L. Clay

COLLEGE OF EDUCATION

February 12, 2002

Allen Kullen, President
People of America Foundation
5760 Sunnyside Avenue
Beltsville, MD 20705

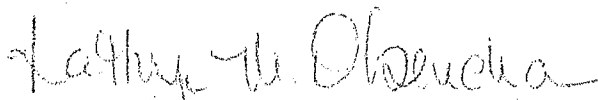

Dear Mr. Kullen:

I have just reviewed the materials forwarded to me about the People of America Foundation. As I mentioned on the telephone, I also purchased the *Americans All* text a few years ago at a National Council for the Social Studies (NCSS) conference. I find the materials to be of high quality and potentially very beneficial to the students in Nevada. I am particularly pleased by the inclusion of multiple perspectives and multiple narratives in the materials. The endorsement from NCSS Board of Directors, the foremost professional organization representing social studies education in the United States, is impressive.

Students and teachers in Nevada face distinct challenges. Although the most populous parts of the state centered around Las Vegas and Reno have nearby resources, the majority of Nevada's school districts are rural and quite a distance from museums and universities, traditional resource sites. Creating a database of materials and providing access to that database should enhance the social studies experiences for Nevada's students. In addition, the opportunity to create a database tailored to Nevada's experiences and place in the world is a worthy goal. Like every state, Nevada has its unique history that contributes to the nation's history.

I believe this project and these materials will benefit social studies teaching and learning in Nevada. Thank you for making them available to us.

Sincerely,

Kathryn M. Obenchain, Ph.D.
Assistant Professor
Social Studies Education

February 8, 2002

Mr. Allan Kullen, President
People of America Foundation
5160 Sunnyside Avenue
Beltsville, MD 20705

Dear Mr. Kullen:

Thank you for the opportunity to review the "People of America Foundation's" materials describing the educational initiative that is underway. Library faculty and staff in the UNLV Libraries' Curriculum Materials Library reviewed the supporting documentation and were extremely impressed with the goals of the initiative as well as the descriptive materials that were provided.

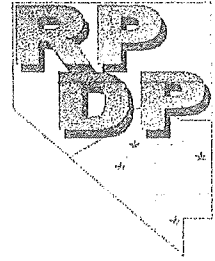

Our Curriculum Material Library staff is very sensitive to the need for information of the type described to be part of the social studies curriculum. We are enthusiastic about the project and receptive to supporting any assistance your organization can provide to Nevada's teachers.

Sincerely,

A handwritten signature in cursive script, reading "Kenneth E. Marks".

Kenneth E. Marks, Ph.D.
Dean of University Libraries
University of Nevada Las Vegas

**Southern Nevada
Regional Professional Development Program**

January 23, 2002

Mr. Allan Kullen
President
People of America Foundation
5760 Sunnyside Avenue
Beltsville, MD 20705

Dear Allan:

Thank you for spending time with me on your recent visit to Las Vegas to bring me up-to-date on the Americans All Nevada project. I am impressed with the quality of the materials you have developed and the support you have gained for this initiative in Nevada.

As I explained during our meeting, we are firmly committed to staff development which includes the social sciences. Therefore, any materials that carry state approval and are linked directly to our social studies framework and testing and assessment programs will be of great value to us.

I understand that Cindy Sharp is working on establishing the structure that will house Americans All Nevada once your funding for the state is achieved. I am sure that there will be great interest on the part of the RPDP in being part of that statewide structure. However, to do this, approval from all regional directors will need to be obtained. Please let me know as soon as you and Cindy have put the preliminary plan into operation and we can work on an appropriate package to submit to all the other regional directors.

Thanks again for including me in your planning for the state.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Bill Hanlon', is written over the typed name.

Allan S. Kullen, National Director
Americans All
5760 Sunnyside Avenue
Beltsville, MD 20705

FAX 301-220-3730

Dear Mr. Kullen,

Several of our middle school teachers attended a workshop describing how a teacher had effectively used the classroom materials your organization has developed. The teachers were so enthused and eager to learn if the Ellis Island materials would be available for our use in the summer program.

Our school has a high population of at-risk, second language students who are performing below grade level. Our Title I program provides a three week summer session to strengthen the skills of reading and math. The Ellis Island materials appealed to our teachers because they felt the topic of immigration would be of great interest to our students while basic skills were being reinforced.

We appreciate the possibility of having the materials to use for our summer program, and look forward to implementing more of your resources when they become available in Nevada. How fortunate the students in our state are to have Nevada be one of the pilot sites.

Most sincerely,

Connie

Implementation Plan for Americans All@ Nevada

Background

The People of America Foundation, established in October 1995, is a 501(c)(9), publicly supported, nonprofit organization. It succeeds the Coordinating Committee for Ellis Island, founded in 1983 as a 501(c)(3) nonprofit organization, that developed and marketed the Americans All@ Resource Materials.

Americans All@ is a national education program that provides teachers, students and parents with comparative information, previously unavailable, about six ethnic and/or cultural groups that helped build our nation—Native Americans, African Americans, Asian Americans, European Americans, Mexican Americans and Puerto Rican Americans. More than 2,000 schools and libraries use this information, and the Foundation still sells the materials to education organizations and the public.

KPMG Peat Marwick files annual tax returns for the People of America Foundation.

Mission, Goal and Philosophy of the People of America Foundation

Mission. Our nation is not homogeneous, so its political history cannot serve as its shared cultural history. The Foundation aims to collect, organize, distribute and maintain, at no cost to the public, the largest and most inclusive electronic database on the history of the peopling of the United States.

Goal. The Foundation will develop national, state-specific and cultural databases that provide accurate social and political histories, as well as generic, thematic lesson units and individual lesson plans, to help educators meet the requirements of new standards-based instructional guidelines. Social studies professionals in each state and the District of Columbia will create these inclusive, content-rich databases and instructional units and lesson plans.

Philosophy. Underlying the Foundation's mission is the concept that, for any field or area of specialization, all information physically exists but is not universally accessible to all its members. And, even if the data were accessible, unless it is organized and delivered in a form that can be easily understood and used, the information has limited value.

Draft 08/02/02

Support for the People of America Foundation

The Foundation's mission is recognized and supported by all 50 states and the District of Columbia. In addition, it has established strategic partnerships with the Council of Chief State School Officers (CCSSO), the National Association for Elementary School Principals (NAESP), the National Middle School Association (NMSA), the Council of State Social Studies Specialists (CS4) and the National Association of State Directors of Career Technical Education Consortium (NASDCTEc). The boards of other major education organizations are reviewing the Foundation's request for recognition and support.

The Foundation has also been endorsed by the National Council for the Social Studies (NCSS) and its mission and goals have gained the recognition and/or support of the National Social Studies Supervisors Association (NSSSA), the National Education Association (NEA), the American Federation of Teachers (AFT), the National Association for the Education of Young Children (NAEYC), the National Association of State Boards of Education (NASBE), the American Federation of School Administrators, AFL-CIO (AFSA), Social Science Education Consortium, Inc., the American Association of School Administrators (AASA), the International Union of Police Associations, AFL-CIO (I.U.P.A.), National History Day (NHD), Empower America and the National Retired Teachers Association. Many of these organizations have chosen not endorse or fully participate in this initiative as strategic partners because their bylaws or a decision of their board of directors precludes such participation.

Pilot Registration and State Support

Besides the work being done in Nevada, the Foundation is operating grassroots pilot programs in three other states. In North Dakota the Foundation has received support from public and private schools representing more than 85 percent of registered students. All major education organizations within the state also support the program. North Dakota State University will manage Americans All® North Dakota.

In Vermont the Foundation has received support from public and approved independent schools representing more than 65 percent of registered students. All major education organizations within the state also support the program. The Vermont Historical Society will be the fiscal agent for Americans All® Vermont. Curriculum development will be the responsibility of the Vermont Department of Education. The program will be managed by a partnership between these two organizations.

In New York, because of its size, the Foundation is piloting the program in a single district, the Nassau Board of Cooperative Education Services (BOCES), on Long Island. The effort has just recently begun, but the Foundation has already received support from public schools representing more than 61 percent of registered students. This portion of Americans All® New York will be managed by the Nassau BOCES, which will establish an operational plan that can be replicated elsewhere in the state.

Current Status of Americans All® Nevada

In Nevada the People of America Foundation has received support from public and large nonpublic schools representing more than 65 percent of registered students. Americans All® Nevada has received support and/or recognition from the Nevada Department of Education (Dr. Keith Rheault, deputy superintendent, Instructional, Research and Evaluative Services, and Dr. Paul M. La Marca, Standards, Curriculum and Assessment); the Nevada Department of Cultural Affairs, the Nevada State Library and Archives (Sara F. Jones, administrator, and Jeffrey M. Kintop, state archives manager); the Nevada Historical Society (Jacqueline L. Clay); the University of Nevada, Reno, Department of Curriculum and Instruction (Dr. Kathryn M. Obenchain, assistant professor, Social Studies Education, letter to come); the University of Nevada, Reno Library (letter to come); the University of Nevada, Las Vegas Library (Dr. Kenneth E. Marks, dean, University Libraries); the University of Nevada, Las Vegas, Department of Curriculum and Instruction (letter to come); and the Southern Nevada Regional Professional Development Program (Bill Hanlon, director). All letters of support and/or recognition are on file with the Nevada Department of Education.

Implementation Plan for Americans All® Nevada

The program will be managed by a partnership between the Nevada Cultural Arts Foundation (NCAF)—www.nevadaculture.org—and the Nevada Public Education Foundation (NPEF). NCAF is an operating entity under the Nevada Department of Cultural Affairs (DCA), formerly known as the Department of Museums, Libraries and Arts. In 1993 the state legislature formed DCA and made the director a state cabinet-level position. By creating this organizational structure, Nevada is on the cutting edge with states such as New Mexico and North Carolina that have organized their cultural resources in one department.

At its inception, with 106 full-time employees, DCA served almost 2 million people and awarded \$4 million in grants to libraries, arts organizations and preservation activities. In 1999 158 full-time DCA employees served 2.75 million people and awarded \$4.4 million in direct and pass-through grants. The department also administers federal grants, provides contract services to federal agencies and is regulated by federal laws governing access, preservation and Native American repatriation issues.

DCA's mission is to serve and enrich the lives of Nevada's citizens and visitors, recognizing the diversity of the state through leadership in cultural and information management and through the promotion of cultural resources and activities and education. The department consists of the Director's Office and four divisions—the Division of Museums and History, the State Library and Archives, the Nevada Arts Council and the State Office of Historic Preservation.

NPEF was established in 1991 for public educational and charitable purposes in Nevada. It was reorganized at the end of 2000 with a new board of trustees, and its mission is to secure and sustain resources that will assist, support and enhance excellence in public education programs in the state. NPEF's goals are "to aid, support and assist the public education system in Nevada through recognition of exceptional teachers, students and public schools; to improve the educational performance or learning opportunities for students and/or teachers in public education; to serve as an innovative, flexible and efficient vehicle to facilitate the solicitation and management of gifts, grants, bequests and devices; and to work in partnership with other existing foundations and form an association or alliance with other Nevada education foundations."

NCAF, because of its size and experience in fiscal matters, will serve as the fiscal agent for Americans All® Nevada. Once the program is established, an advisory council will be created with representatives from all supporting organizations within the state. The management of the program will be decided at the time of funding. Either two co-directors or a single director with two assistant directors will manage the program. One individual will coordinate with DCA's data-collection efforts and one will be the curriculum liaison with the Nevada Department of Education and be responsible for curriculum and standards issues.

Management personnel will supervise the development of the state's Web sites to ensure content is posted that deals specifically with Nevada's social studies scope, sequence and assessment and ensure the sites contain all of the data collected by program staff. The goal is to meet the information needs of the state's K-12 school students as well as the information needs of other residents and visitors to the state or to the state's Web sites for the program. The curriculum co-director will be responsible for preparing the deliverables to the schools—the state-specific timeline, poster and photograph collection.

Once funded, the People of America Foundation will grant NCAF \$1,327,700. The Foundation's national staff will include full-time employees to help each state obtain additional or matching funds as may be appropriate and available. Although the Foundation will provide Nevada with program planning guidelines, the implementation structure and methodology will be at the state's discretion. Nonpublic school students comprise less than 3 percent of the state's total enrollment, but the Foundation requests that, to the extent possible, they be included in this unique initiative. The state program will take four years to complete.

The People of America Foundation will not begin the next stage of the program unless full funding for each state is assured prior to start-up. Start-up is activated when more than 50 percent of the schools (or students) in a state have enrolled with the Foundation. Funds for each state will be kept in an escrow account and released on a benchmark-based schedule, prepared in advance by the state, to meet its implementation obligations. The state will always have a draw against the next benchmark to ensure it has operating funds at all times.

School Responsibilities

For schools, this program is an opportunity, not an obligation. To participate in the Foundation's initiative, for which there is no cost, a school must verify its enrollment because the quantity and composition of materials each school will receive depends on its student enrollment. Each school must also provide the Foundation with the names of at least two teachers who will serve as liaisons to ensure the program materials will be put to maximum use. Teacher names will not be published nor made available to commercial list brokers, but will only be given upon written request to state social studies supervisors to assist in their staff development efforts.

In addition to making schools eligible to receive Americans All@ Resource Materials, school registration affords principals funds for staff development. This will enable school personnel to learn how to use the materials most effectively. Enrollment also qualifies the school to receive a biweekly newspaper and future publications prepared under grants to the Foundation and to have access to instructional and teacher learning sites not available to the general public. Further, registration enables teachers and principals to gain national recognition for posting effective, school-developed lesson plans on the Foundation's Web sites.

Outcomes of the State and National Programs

The People of America Foundation will ultimately host 153 coordinated Web sites, three for each state and three for the District of Columbia—for elementary school, middle school and high school. These will be organized in several ways, including, for example, by subject, by topic and in relation to standards. When all state activity is complete, the Foundation will consolidate all of the state Web sites into three major national sites—for elementary school-, middle school- and high school-level instruction. It will also consolidate the state information into national ethnic and/or cultural databases.

Each state must provide, in print form, a state-specific timeline, poster and photograph collection; the development and production costs for these materials are already figured into the grant. Other deliverables will be at the sole discretion of the state and will meet local objectives. The state will hold all copyrights on materials it produces, subject to prior and existing copyrights. Each state will also grant the Foundation permission to upload all information that has been gathered by the state onto the national Web sites, regardless of whether this information is delivered to the state's schools in print format.

The composite national Web sites will be "closed"; individuals can link to the sites from any location on the Web but cannot link out to another site without shutting down their browser. Therefore, the site, which will also be password-protected on each computer terminal, prevent users—mostly students—from making unsupervised visits to, or transfers from, other sites, for example, those containing games or pornography. The schools can easily monitor site activity.

Vision and Goals of Americans All® Nevada

Vision: To develop content-rich and user-friendly Web sites and supporting materials that contain primary sources, lesson plans, assessments and other resources that accurately depict Nevada's diverse cultural history and to provide professional development to Nevada educators on the use of these Web sites and supporting materials.

Goals:

- To identify materials and resources that accurately depict Nevada's diverse cultural history.
- To provide Nevada educators with the content-rich, standards-based materials, resources and professional development they need to teach Nevada history.
- To facilitate the collaboration of various historical groups throughout Nevada.
- To promote the use of primary sources as a teaching tool.

Schedule and Potential Operating Plan for Nevada

NCAF will serve as the Foundation's fiscal agent in Nevada. The Nevada Department of Education, through NPEF, will work in partnership with NCAF as the management entity. Before moving forward with implementation, however, the state must receive word from the Foundation that funds have been secured.

As soon as funding has been secured, NCAF and NPEF will:

- establish a steering committee composed of individuals and organizations endorsing the program, members of NCAF and NPEF, personnel from the Nevada Department of Education, and additional educators and administrators, as needed;
- hire a full-time program director (or two co-directors) and necessary staff;
- finish developing an organizational structure for the program that will facilitate the identification of resources and allow for user-friendly access (e.g., framework themes and national standards themes);
- collaborate with local historical societies, schools and other organizations to provide access to primary documents that show the diversity of Nevada (e.g., the Folklife Center; the University of Nevada, Las Vegas; the University of Nevada, Reno; and various departments within state government and county governments);
- contact directors of other program sites and coordinate efforts on program implementation;
- work, with the Foundation's assistance, to establish the framework for the three Nevada Web sites and upload the instructional frameworks and all standards requirements;

- begin linking all existing materials to the Web sites;
- begin working on ethnic histories and missing data needed to fill out the Web sites, using resources within the state;
- develop a state-specific timeline, poster and photograph collection to document the people and cultures that have shaped Nevada;
- establish criteria and identify instructional units, lesson plans and other resources related to Nevada history;
- provide resources, materials and professional development on how to use primary sources as a teaching tool;
- promote collaboration among the Nevada Department of Education, the Nevada Historical Society, local historical societies, schools, the University of Nevada, Las Vegas, and University of Nevada, Reno Libraries, the Nevada State Library and Archives and other organizations in the teaching of Nevada history;
- establish a process for continued management and upkeep of the Web site; and
- work with the People of America Foundation to seek additional resources to continue program, Web site and professional development.

Steering Committee (In Formation)

Kenneth J. Bierman has had a remarkable career in library services, particularly in technology and automated systems. He is director, knowledge access management division, of the University of Nevada, Las Vegas Libraries. Previously he was a professor at Oklahoma State University (OSU) and served as OSU's assistant university librarian for technical and automated services. Prior to his OSU positions, he was assistant director for planning and research for the University Libraries, Virginia Polytechnic Institute and State University. He also served as assistant director of the Tucson (Arizona) Public Library.

As a consultant, he helped the Flagstaff (Arizona) Public Library select an automated circulation control system, advised the El Paso (Texas) Public Library on increasing efficiency in technical services operations, and assisted the Navajo Nation Library System in Window Rock, Arizona, with cataloging and circulation control concerns. He consulted with the Fullerton Public Library in California and the El Paso Public Library in Texas on implementing their automated library systems, helped write a technology plan for Reinhardt College in Georgia, and performed a management review of the technical services area of California State University, Hayward Library.

Mr. Bierman's articles have been published in numerous professional journals, including *Texas Libraries*, *Library Hi Tech News*, the *Annual Review of Information Science and Technology*, and the *Journal of Library Automation*. He has written essays and chapters on advanced library services topics in several publications, including the *Encyclopedia of Library and Information Science*.

A respected invited speaker, Mr. Bierman has given presentations at the New Mexico Library Association Annual Conference, the Wisconsin Association of Academic Librarians' Spring Conference, and other conferences. He also was the keynote speaker at the Oklahoma Library Association Workshop in Stillwater. He has taught courses in library automation and cataloging at the University of Arizona, Texas Woman's University, Oklahoma State University, and the University of Oklahoma.

Mr. Bierman received the Arizona State Library Association's Distinguished Service Award and the Award of Merit from the University of Oklahoma School of Library and Information Studies. He holds a bachelor of arts in English from Hanover College in Indiana; a master's degree in library science from the University of Oklahoma, Norman; and a master of science in telecommunications management from Oklahoma State University, Stillwater.

Steering Committee (In Formation)

Jacqueline Lowe Clay is curator of history with the Nevada Historical Society in Reno. In this position, she develops and implements educational programs. She also facilitates the publications program, acts as liaison to the docent council, supervises the registration and management of the artifacts collection and helps plan and implement exhibits. In her previous position as curator of collections at the George E. Ohr Arts and Cultural Center in Biloxi, Mississippi, she created, developed and implemented policies pertaining to acquisitions. She also was the former director and curator of the Community Memorial Museum of Sutter County in Yuba City, California, and former assistant curator of the Riverside County Parks Department's history division in Riverside, California.

Ms. Clay was managing editor for the *Nevada Historical Society Quarterly* and editor on two other projects; she is the co-author of local historical guides. In addition to writing *A Guide to the Mendocino County School Records* for the Mendocino County Museum in California, she has written articles for several regional historical publications, including *California History Action* and the *Sutter County Historical Bulletin*. She has also served her profession as a workshop speaker, panelist, steering committee member and grants reviewer for various organizations.

After receiving a bachelor's degree in history and political science from the University of California, Davis, Ms. Clay obtained her master's degree in history and historic resources management from the University of California, Riverside.

Steering Committee

(In Formation)

Chanda R. Cook has extensive experience in developing, managing and evaluating education programs, grants and partnerships. She was the education and community relations specialist for Nevada Power Company for 10 years; vice president, programs, for the Nevada Community Foundation; a loaned executive to United Way; and a volunteer board member for nonprofit organizations at the local, state, and national levels. Currently she is chairman-elect to the Nevada Public Education Foundation Board of Trustees. She serves on the advisory board of the Clark County School District School Community (CCSD) Partnership, is involved in Kids Voting—Clark County and chairs the CCSD Southwest Region Parent Advisory Committee.

Active in education and community affairs, Ms. Cook has been involved in numerous grant review panels, including the Nevada State School to Careers, the Clark County Public Education Foundation and KidsCharities.org. She participated in the Southern Nevada School-to-Careers Partnership and the Governor's Technology Education Committee.

Ms. Cook holds a B.A. in social work from the University of Nevada, Las Vegas. She also has completed several graduate-level courses in human relations and marketing.

Steering Committee

(In Formation)

Charlotte Curtis is the state coordinator for Nevada Gear Up, a program to prepare academically disadvantaged students for postsecondary education. She is also a liaison for the Nevada Public Education Foundation, which fosters business partnerships and promotes excellence in education. Her diverse experience includes school improvement, parent involvement, standards and curriculum, and academic, compensatory and occupational education. She has worked in rural, urban and suburban schools and with state-level programs in California, Hawaii, Nevada and Texas. Ms. Curtis has served on a variety of non-profit foundation boards including Education Field Studies Foundation, Bishop Manogue Catholic High School and Incline K-16 Foundation.

Ms. Curtis holds a B.S. from the University of Texas in Austin. She earned her M.A. from St. Mary's College in Moraga, California.

Steering Committee (In Formation)

Stephen D. Fitt is an associate professor and the library science program administrator with the University Libraries at the University of Nevada, Las Vegas (UNLV). In addition to teaching library science courses, he provides leadership to the graduate library science program and the undergraduate library technology certificate program. Prior to his duties at UNLV, he was associate professor, head of the special resources division and acting assistant university librarian at San Diego State University Library in California, and assistant professor at Memphis State University in Tennessee.

With Project B.A.T.E. (Borderless Access to Training and Education), Dr. Fitt participated in a \$600,000 grant from the U.S. Department of Education's Fund for the Improvement of Postsecondary Education Learning Anytime Anywhere Partnerships (FIPSE-LAAP) grant program. UNLV's involvement in this program includes developing online courses in educational leadership and school library media.

Dr. Fitt helped revise the Nevada Department of Education's requirements for school library media specialists and develop the state's school information literacy standards. He is an active member of the American Library Association, the American Association of School Librarians, the Association of College and Research Libraries, and the Nevada Library Association. He has written articles for several publications related to library science, including *College and Undergraduate Libraries*, and has served as editor for the *BIS Newsletter*, *VRT News*, and *Library Instruction Round Table News*.

In addition to his B.S. in geography and education and his M.Ed. in educational media from the University of Utah, Salt Lake City, Dr. Fitt has an M.L.S. in library and information science from Brigham Young University in Provo, Utah. He has a Ph.D. in educational administration and instructional technology, also from the University of Utah.

Steering Committee

(In Formation)

Liliam L. Hickey, through her extensive and diversified experiences, has become an accomplished Hispanic American professional, an effective motivator and a successful small business owner. She is CEO of L&H Systems, Inc., which specialize in business consulting, training and sales. Ms. Hickey is the first Hispanic woman ever to have held the office of president of the Nevada State Board of Education and Occupational Education, and she also served as a board member. Currently she is regional chair of the United States Hispanic Chamber of Commerce and the chair of the United States Hispanic Chamber of Commerce Foundation.

Ms. Hickey is vice president of SCOUTREACH, Boulder Dam Area Council, Boy Scouts of America. Previously, she was cofounder and past president of the Classroom-on-Wheels Program, and received the Good Housekeeping Magazine Award as one of 10 outstanding Women of the Year in Government and Politics in 1999. She has also served as president of the Vegas Valley Business and Professional Women's Club, and has played an active role in numerous community organizations, including the Hispanic Museum of Las Vegas, Nevada.

Ms. Hickey received an appreciation award from the National Association of Latino Elected Officials. She has also received several awards for service and dedication from the Latin Chamber of Commerce, especially for her work in the creation of Career Day. A new elementary school in Clark County, Nevada, which will begin construction in 2003, was named in her honor.

Many aspects of her life and work have been documented in publications, such as *Getting to Know Your Community* for the League of Women Voters, *Hispanic Profiles in Nevada History* by Tom Rodrigues and *A History of Hispanics in Southern Nevada* by M. L. Miranda. A poster honoring her life was published in Nevada in 1989 as part of the 125th anniversary of the state. She is now working on her own book.

Ms. Hickey received her B.A. in science and letters, Havana, Cuba.

Steering Committee (In Formation)

Sara F. Jones is division administrator and state librarian for the Nevada State Library and Archives in Carson City. She develops and coordinates library and informational services statewide, maintains a clearinghouse of information on library and informational services and provides advice and technical assistance to libraries, state agencies and other organizations. As a member of the Nevada Commission on Educational Technology, she led a project to license educational databases to provide twenty-four-hour access for all students and all library patrons in Nevada. She also helped raise funds for Nevada schools and establish interschool and interlibrary resources and partnerships. Previously she worked with the Elko-Lander-Eureka County Library System as library director and taught public school in the Minidoka County School District.

Ms. Jones has served her profession by participating in the Chief Officers of State Library Agencies and the Western Council of State Librarians. She also was president, public and library trustee section chair, district chair and convention chair of the Nevada Library Association, from which she received the Dorothy McClendon Award for Library Service.

In addition to her bachelor's degree in interpersonal communications from Boise State University in Idaho, Ms. Jones has secondary education teaching certification, also from Boise State University. She earned her M.L.S. in library and information studies, *summa cum laude*, from Syracuse University in New York.

Steering Committee

(In Formation)

Jeffrey M. Kintop is the state archives manager for the Nevada State Library and Archives, where he previously worked as archivist and deputy state archivist. His current duties include administration of the State Archives program, training, public information, research and reference, and participation in several committees and national organizations including the Research Libraries Group. He has served as director of History Day in Nevada and of Elderhostel, and he was an official delegate to the Governor's Conference on the Future of Libraries and the White House Conference on the Future of Information Services.

Previously, Mr. Kintop was a scholar in residence at Sierra-Plumas Joint Unified School District in Downieville, California. The University of California and the U.S. Department of Education cited his program for excellence. He taught classes, conducted teacher workshops, helped develop curriculum and coordinated the History Day program. Prior to his position in California, he was the history program coordinator for the Research and Educational Planning Center of the College of Education at the University of Nevada-Reno. Programs he led won a certificate of commendation from the American Association for State and Local History.

He has been a co-author of several books, including *The Earps' Last Frontier: Wyatt and Virgil Earp in Nevada, 1897-1905*, with Guy Louis Rocha; *History of the State Capitol and Governor's Mansion*, with Guy Rocha and Robert Nysten; and *Preserving Nevada's Documentary Heritage: A Report to the Governor, Legislators and Citizens of Nevada*, with John R. Summerville. *What Time is this Place?* With Marie Freeman; and is currently working on *Nevada: An Annotated Bibliography*, with Eric N. Moody and Lee Mortensen. He was assistant editor and then editor for the *Conference of Intermountain Archivists Newsletter* and series editor for the Nevada State Library and Archives State Document Microfilm Series and State Archives Microfilm Series.

Mr. Kintop has been grant writer, director and participant in numerous history and archive-related projects, including the Nevada Digital Library and Archives Project, the *Nevada History CD ROM Project*, the *Nevada State Archives Photo CD Project*, the *Nevada Photograph Project* and two Nevada state microfilming projects.

He received his B.A. in history and studio arts from the University of Minnesota and an M.A. in history from Minnesota State University, Mankato. He holds an A.B.D. in American history from the University of Nevada-Reno.

Steering Committee

(In Formation)

Joseph F. Locatelli, an aide to the lieutenant governor of Nevada, currently serves as a board of trustees' member on the Nevada Public Education Foundation. His duties with the lieutenant governor's office include working with staff members to achieve various goals set forth by the lieutenant governor. For example, such responsibilities encompass the promotion and improvement of educational and entrepreneurial opportunities—as well as effectively addressing constituent concerns. He is committed to the betterment of his home state and recognizes the unique challenges that confront Nevada. Mr. Locatelli believes that education is key to combating such challenges as rapid growth—and, thus, improving and enhancing the quality of education for all of Nevada's children is imperative for Nevada's future.

Prior to Mr. Locatelli's formal education, he served for four years in the United States Marine Corps. During his tour of duty he earned many awards, such as Meritorious Promotion to Non-Commission Office, the US Marine Corps Good Conduct Medal and an Honorable Discharge.

Mr. Locatelli received a B.A. in history with a minor in political science from the University of Hawaii at Manoa and a masters degree in government from Harvard University. During his undergraduate study in Hawaii, Mr. Locatelli also studied abroad for two semesters in Italy (Florence and Rome).

Steering Committee (In Formation)

Guy Louis Rocha has been, for more than 21 years, the assistant administrator for Archives and Records, Nevada State Library and Records, Carson City, Nevada. His prior positions included interim director, Nevada State Historical Society, Reno, Nevada; interim assistant director, Nevada Historical Society, Reno, Nevada; and curator of manuscripts, Nevada Historical Society, Reno, Nevada.

A respected speaker, he has appeared at the Society of American Archivists Annual Meeting, the Nevada State Planning Conference and other events. He has spoken on "The U.S. National Archives and Records Administration in a Changing World," "Lobbying and Advocacy" and "Financial Management" at annual meetings of the National Association of Government Archives and Records Administrators. His paper "Brothel Prostitution in Nevada: A Unique Institution," developed for the Western Regional Popular Cultural Association Convention, was also presented at several other locations and events.

Mr. Rocha's articles have been published in periodicals such as the *Nevada Historical Society Quarterly*, *Nevada Magazine*, *Las Vegas Review-Journal: The Nevadan*, *The Humboldt Historian*, *The National Notary*, *Labor History* and *Boxing Digest*. He has also been the author, coauthor or editor of essays and articles for several collective projects on topics that have included Nevada history, the Earp brothers, labor history, Nevada gaming, Mark Twain, Truman Capote's *In Cold Blood*, brothel prostitution, Old West legend and lore, boxing and financial management.

He has produced several television segments for stations in Reno, Nevada, and has been involved in the production of several television documentaries for the Public Broadcasting System and the Canadian Broadcasting Corporation. Currently he is cohost of "The High Desert Forum," a live, call-in weekly radio talk show on KUNR radio in Reno. He has written and submitted successful grant proposals to the Max C. Fleischmann Foundation, the National Historical Publications and Records Commission and the National Endowment for the Humanities.

Mr. Rocha holds a B.A. in social studies and education from Syracuse University and an M.A. in American studies from San Diego State University. He has done postgraduate work in history at the University of Nevada, Reno.

Steering Committee (In Formation)

Cynthia E. Sharp is an education consultant specializing in fine arts, social studies and English and language arts. She works for the Nevada Department of Education in Carson City. Previously, she was a teacher in public and parochial middle and high schools in California, Indiana, Nevada and Utah. Ms. Sharp also received advanced training in the Wisconsin Instructional Design System (WID), a computer software system developed to enhance teacher planning.

In addition to her bachelor of science degree, Ms. Sharp has a composite teaching degree in the behavioral sciences; both degrees are from Westminster College in Salt Lake City, Utah. She also holds a master of education degree with an emphasis in literacy from the University of Nevada, Reno. Ms. Sharp is doing advanced graduate work toward a degree as an educational specialist.
